Chief Blodgett has concerns with coverage at the Police Department with the absence of Sgt. Brown who is a full time officer. He is concerned with not being able to cover all shifts. He would like to request OT pay if he is needed to cover shifts outside his normal work schedule. He will try to cover the open shifts with the part time officers first. Chief Blodgett is hoping that he will only need to cover every now and again. J. Hotchkiss feels it would be appropriate to be paid for the additional work but questions at what rate. M. Schwarz feels the overtime rate should be used. J. Bailey feels that a salary position is salary, some weeks you will work less. The overtime rate for the Chief would be \$45.00 per hour. M. Schwarz motions to compensate for OT shifts at the \$45.00 per hour rate. J. Bailey seconds, all in favor. The Board will revisit in a few months.
